

Product Information

A PRODUCT OF THE VALVOLINE COMPANY A DIVISION OF ASHLAND INC.

Valvoline Motor Oil Semi-Synthetic 10W-40

Valvoline Motor Oil Semi-Synthetic 10W-40 with its modern additive system and its high quality partly synthetic base oils distinguishes itself by excellent cold start properties up till -30°C. The wide viscosity range guarantees optimum lubrication in cold and warm circumstances. The modern concept covers the needs of (Turbo)Diesel engines as well as Petrol engines, and with that the product is suitable for use in mixed fleets of passenger cars and delivery vans.

The Valvoline Motor Oil Semi-Synthetic 10W-40 advantages

Low friction:	Less frictional losses by low friction engine running.
Engine cleanliness:	Keeps the engine clean and in good condition.
Wide viscosity range:	Optimum lubrication at high and low temperatures.
Cold start:	Excellent cold start properties at very low temperatures.
Less wear:	Longer engine life by good wear protection.

Performance levels	Viscosity Grade
API SL/CF	10W-40
ACEA A3/B3	10W-40
Volkswagen 505.00	10W-40
Mercedes Benz 229.1	10W-40

Typical Properties	10W40
Viscosity, mm ² /s @ 100 °C	14.0
Viscosity, mm ² /s @ 40 °C	94
Viscosity Index	150
Viscosity, mPa.s -25°C	<7000
Sulphated Ash, wt. %	1.20
TAN; mg KOH/g (ASTM D-664)	1.6
TBN; mg KOH/g (ASTM D-2896)	8.9
Pour Point, °C	-30
Specific Gravity @ 15/15°C	0.875
Flash Point, COC, °C	210
